PROFESSIONAL SUMMARY

Proficient Full-Stack Developer with expertise in ReactJS, Javascript/Typescript, Python, SQL and C#. Skilled in building responsive full-stack applications with modern tools and practices. Achieved Graduation with Distinction after graduating college. Completed freeCodeCamp's Foundational C# with Microsoft Certificate in October 2024.

TOP SKILLS

MongoDB • React.js • C# • HTML • CSS • Python • JavaScript • Typescript • PostgreSQL • MySQL • Docker • Azure DevOps • ASP.NET Core • ASP.NET MVC • Entity Framework • PHP

EDUCATION

University of Toronto; *Toronto, ON*
  Full-Stack Development Bootcamp | EdX Fullstack Development Certificate   **September 2024 – December 2024**

Conestoga College; *Waterloo, ON*
  Computer Programmer/Analyst | Advanced Diploma; 3.7 GPA   **September 2019 – April 2022**

EXPERIENCE

Linamar Corporation; *Guelph, ON*
  Application Developer | Co-op   **May 2021 - August 2021**
- Identified and fixed UI bugs while enhancing front-end aesthetics with CSS, leading to a 20% increase in user satisfaction.
- Updated language localization features, ensuring the application was accessible to a broader user base.
- Utilized Azure DevOps with the development team to manage the project's plan, version control, and tasks, enhancing team collaboration.

  Desktop Support Technician | Co-op   **September 2020 - April 2021**
- Provided technical support to company users, immediately resolving issues with computers and other devices to ensure smooth operation and user satisfaction.
- Automated routine tasks using PowerShell and Bash scripts, and created comprehensive documentation for using the scripts, significantly reducing manual workload and improving task efficiency for other technicians.
- Developed a custom Windows 11 installation USB with pre-installed company applications, streamlining the Windows setup process for company devices.
